"Tuttilegal"

(2007, Evil Penguin Records)

by **Antwerp Gipsy-Ska Orkestra** 

from Antwerp, Belgium

ska / world

Belgium isn't all about rock (dEUS), dance (2 Many DJ's) or experimental stuff (Ignatz). There is an other side to Belgium that is waiting to be discovered. We're talking about the amazing groups who produce - we have to give it a name - World music. Bands like Think Of One, Orchestre International Du Vetex and Va Fan Fahre can take credit for some incredible live experiences. An now there is the Antwerp Gipsy-Ska Orkestra to join that list. With 'Tuttilegal', seven top musicians joined forces and they delivered an album that takes you around the world in less than 1 hour. Klezmer, ska, tango,... you name it: these guys play it. And with titles like 'Pussinality', you can only sweep a smile on our face. // *Jeroen Michiel*
